OVERVIEW

CollabTouch - a flexible, scalable and modular alternative to elevate your meeting spaces.

Created in partnership with leading video collaboration brands, Avocor CollabTouch is designed to deliver an exceptional interactive experience across your entire meeting space estate and integrates seamlessly with your UC platform of choice, enabling intuitive, interactive video collaboration. Experience unparalleled adaptability with Avocor CollabTouch, ranging from a compact 55" to a spacious 105". Customize your setup with four specification levels tailored to any meeting environment.

Powered by a single cable and featuring our proprietary mounting bracket, installation is quick and hassle-free. CollabTouch surpasses traditional displays, delivering exceptional performance across various spaces. Future-proof your meeting rooms with CollabTouch's modular design, allowing for easy component upgrades to meet evolving business needs. This flexibility extends the lifespan of your investment and keeps your technology in sync with your hybrid workforce, ensuring you're always at the forefront of collaboration.

Effortlessly scale with CollabTouch's cloud-based remote management, providing advanced tools for IT, FM, and AV teams to monitor and manage technology across your organization. With its modular structure, swift replacements minimize downtime, keeping productivity high in your meeting spaces.

SOLUTION

Highlights

Call Management from the display*

In-call whiteboarding*

On-screen annotation*

Support for marketplace interactive room applications

*Dependant on UC platform features

Step 1. Choose an Avocor CollabTouch model based on room size and CollabTouch Accessory Kit

CollabTouch Accessory Kit

- E SERIES**

- Object Recognition (Pen, Finger, Palm)
- 1 x Simultaneous Stylus Use (65", 75" 86") 2 x 65"
- In-App Inking Capabilities
- Palm Rest
- Palm Rejection

- G SERIES**
- Screen Sizes 65" 75" 85"
- 4K Screen Resolution
- Zero Parallax Glass
- InGlass™ Touch Technology
- 20 Simultaneous Points of Touch
- Object Recognition (Pen, Finger, Palm)
- 4 x Simultaneous Stylus Use
- In-App Inking Capabilities
- Palm Rest
- Palm Rejection

- H SERIES**
- Screen Sizes 65" 75" 86"
- 4K Screen Resolution
- Zero Parallax Glass
- PCAP (Touch Version)
- 40 (Touch Version)
- Object Recognition (Pen, Finger, Palm)
- 4 x Simultaneous Stylus Use
- In-App Inking Capabilities
- Palm Rest
- Palm Rejection

- F SERIES**
- Screen Sizes 92"
- 5K Screen Resolution
- Zero Parallax Glass
- Advanced IR Touch Technology
- 50 (Touch Version)
- Object Recognition (Pen, Finger, Palm)
- 4 x Simultaneous Stylus Use
- In-App Inking Capabilities
- Palm Rest
- Palm Rejection

- N SERIES**
- Screen Sizes 105"
- 5K Screen Resolution
- Zero Parallax Glass
- PCAP (Touch Version)
- 40 (Touch Version)
- Object Recognition (Pen, Finger, Palm)
- 4 x Simultaneous Stylus Use
- In-App Inking Capabilities
- Palm Rest
- Palm Rejection

Step 2. Choose your Jabra Solution

Step 3. Choose your bar mounting option

Jabra Panacast 50 Room System

Jabra Panacast 50 VBS

Avocor Mobile Stand
Optional Method of
Deployment

+

Included Screen
Mount
Optional for 55"
and 65" Displays

or
